

**ELECTION of the Social
and Economic Council
2nd round Thursday 21 February
@ : first Name – 06 00 00 00 00
firstname@gmail.com**

Dear colleagues,

Thank you for showing your confidence in us by voting for our list in the first round of the election of staff representatives.

The election isn't over yet and every vote still counts.

A high turn-out in the second round will express your determination. This will decide how well the individual and collective interests of the staff can be defended.

We ask you to vote for our list!

N.B.: The role of staff representatives in the Social and Economic Council:

- they represent all categories of staff when dealing with management;
- they make sure that labour law is respected and the national agreement applied;
- they keep in contact with the Works Inspector;
- they support the individual and collective claims of staff members and bring them to the attention of management for discussion;
- they are consulted and have a say about the general organisation of the school.
